

Ontario Development Program 2014-2015

The Ontario Development Program (ODP) is designed to provide Ontario wrestlers with a positive and advanced training environment where athletes can improve and reach their potential. The ODP is an extension and follow-up, to our very successful 2009-2012 ODP and 2013 Canada Summer Games Program. The program is open to wrestlers from Bantam to Juvenile. The ODP is designed to provide top developing wrestlers the tools to perform at a top National level. This is done through a series of training camps over the course of the wrestling season (October to July) and also includes opportunities to access excellent domestic competitions as well as international travel.

Some of Ontario's top current and up-and-coming National and International performers are past-graduates or current members of the ODP. This program is a **PROVEN WINNER**, with many program alumnae going on to out-perform their competition at OFSAA, Provincial and National Championships as well as represent Canada on National age group teams! Many have also gone on to be top University level wrestlers and Provincially or Nationally Carded athletes.

For a list of some of the past ODP members and their accomplishments, please see the last page of this package.

Selection of team members for summer camps, competition and travel will be based on both achievement and commitment to the program.
